THEFTS FROM VANS IN THIS AREA

We've seen an increase in thefts of tools from work vans in this area

We know you can't always empty a work van overnight, but we recommend it. Otherwise:

- permanently mark tools with your business name or postcode to make them identifiable
- register them at www.immobilise.com
- keep them inside a secure storage cage or box anchored within the vehicle
- set the alarm as well as locking the van
- park in a secure garage or with the doors against a wall or against another vehicle to make access more difficult
- check out www.soldsecure.com for security products
